

WOKINGHAM Town Council News

ISSUE 28
2021

A Message from the Mayor

I feel honoured to be elected once again as Town Mayor for 2021-2022. Like everyone else my wife and Mayoress Claire and I hope that we can get on with living a freer life whilst we reconnect with our families, friends and colleagues.

The past year, whilst a shocker for socialising, has brought out the best in so many people across all age groups, as they got involved in volunteering to support our community. We recognise that for most retailers it has been difficult or even impossible to trade; we hope that by the time this newsletter hits the doormats of Wokingham that our businesses have re-opened, reconnected with the community and that we can once again support each other by shopping local.

There have been some environmental wins and losses too. We have seen litter, coffee cups, plastic bottles and masks strewn across the town but our staff and volunteer litter pickers have regularly come to the rescue. The wins have benefitted both the environment and our health for many of us, as we've used our cars less, walked, cycled and jogged our way to improved fitness and mental wellbeing.

Last year my theme was "Thank You". It was a privilege to engage with residents, business owners, care homes, organisations, churches and charities throughout the extraordinary year and thank them for all their efforts. "Reconnect" will be my theme for this year. I want to reconnect with friends, family, support groups and nature; I am sure I share this desire with all our residents. So let's reconnect, become strong again and move forward.

Cllr Tony Lack, Wokingham Town Mayor 2021/22

Serving our Community

With life turned upside down this past year, like many organisations, we've had to flex, change, and embrace new technology. We've redeployed staff and run our services and facilities differently this past year to ensure that the town has been protected and our community looked after.

We have:

- Kept our market open to enable residents to shop outside in a Covid secure environment
- Worked with the Borough Council, as part of The Wokingham Community Response alongside Citizens Advice, the voluntary sector, Volunteer Centre, police and other partners to ensure all residents had access to the help they needed and the town was as safe as reasonably possible
- Kept our parks and green spaces open, clean and tidy for all to enjoy
- Continued with council business online, and through virtual meetings responded to resident and local issues; including reviewing and responding to more than 50 planning applications, development proposals and transport issues
- Kept our allotments open to provide sanctuary and purpose to those who use them
- Moved events online where possible to provide much needed entertainment
- Helped support the vaccination hub at the Bradbury Centre
- Worked with @LoveWokingham to support and promote our local businesses throughout lockdown and advertise click & collect and take-away delivery services where available
- Brought a much-needed sparkle to the town with our Christmas lights and Christmas Tree

A chat with Cllr Tony Lack

Sharing moments from his Mayoral year 2020/21

Please tell us why your theme for your first year was 'thank you'

Claire and I picked this theme because we had seen what bodies like Citizens Advice, Wokingham Community Hub, The Link Visiting Scheme and other charities were doing back in April 2020. To be honest we didn't realise that there were so many residents in various states of need; financial, food, fuel, companionship. The list is endless. We felt very humble going to thank staff and volunteers and learnt a huge amount along the way.

What do you love most about Wokingham?

Mostly we love Wokingham because we feel safe, welcome and valued. We are big supporters of the Love Wokingham initiative which helps promote all that we value about the town and our businesses too. We could never imagine, when we moved here in 1979 and drove past that characterful building in the town square, that in the 2020's we would have keys to our very own Mayor's Parlour.

We also have wonderful events in Wokingham that we have sadly missed this past year. The Fireworks, May Fayre, Winter Carnival and Street Concert all bring the community together and, being ex-military, our Remembrance parades and services are very important to me.

What are your passions or hobbies?

I adore growing veg and flowers at our allotment. Whilst not self-sufficient, we eat what we grow. I started working my first plot in 1988, but still don't feel like an expert gardener. I'm also a beekeeper with around 6 to 10 colonies scattered around Wokingham. I love the superorganism's collective decision making and that the Queen is not the boss. Claire loves "my" bees too, but from a little further away.

We are ice hockey fans and supporters. I have somehow obtained the role of Fixtures Secretary for pretty much all ice hockey matches for England and Wales. I love the mathematical problems of putting together the schedules for about 4000 games in the summer each year and trying to find solutions to enforced changes as the season progresses.

As the vaccine roll out continues and retailers and service start to reopen, it's important to still remember the basics to ensure we all stay safe

Our Civic Award Winners

Every year, the Town Council looks for individuals who deserve recognition for their outstanding achievements and support to others. We look for shining examples of civic mindedness, personal courage, or service to family or community that is above and beyond the ordinary. This year our awards went online so we could continue to recognise individuals within our community who go above and beyond for others.

Our worthy winners

Ian Grange for his contribution to Wokingham Lions Club as planner and organiser of many of their key events and for the creation of the much loved lockdown Great #Woky Pub Quiz which boosted morale, provided family friendly entertainment for all ages, and raised money for local charities overstretched by the pandemic.

Jan Lonnon for her outstanding contribution to Wokingham Foodbank; from working with residents on the front desk through to being Assistant Manager, Accountant and Trustee.

Kenneth Rowlands for his Chairmanship and contribution to Evendons Neighbourhood Action Group (NAG). Ken works with a number of groups across the town, providing insight and advice to all.

Lyn Baily is committed to helping everyone succeed in life. Her continued contribution and passion for Wokingham Lions Club and School Days by First Days is inspiring and led to her nomination.

Michael Saynor for his dedication to nature and wildlife through his Chairmanship and coordination of the Holt Copse Conservation Volunteers (HCCV) over the last 16 years.

Rob and Sue Hughes for their valued contribution to Evendons School; Rob as resident engineer and Sue as leader of the walking bus and fundraiser. Rob also dedicates time to Wokingham Young Carers.

Sheila McKeand for her commitment to Wokingham Horticultural Society, drive to introduce community horticultural projects and her recent Covid recovery project of the Garden Room at the allotment site.

“ The whole family enjoyed the virtual awards ceremony very much. Yes, my playing a small part in it added interest, but that wasn't the main reason. They were really buoyed-up to hear and learn about how many good and diverse things are going on in Wokingham ”

Grant Funding Support

Wokingham is lucky to have so many charities and organisations serving the community across all ages and abilities. This year, through our grant scheme, we are delighted to have been able to support and offer grants to: All Saints Church, Arc Youth Counselling, Citizens Advice Wokingham, Dingleys Promise, First Days Children's Charity, Home-Start Wokingham District, Keep Mobile, Life's Little Bugs Go Wild, The Link Visiting Scheme, Me2 Club, Our Community First, St Catherine Church, Promise Inclusion Ltd, Readibus, Saint Sebastian Wokingham Band, The Cowshed, The Cultural Partnership: 'more arts.', The Wokingham Winter Carnival, Wokingham Job Support Centre, Wokingham Lions Club, Wokingham Volunteer Centre, Wokingham Choral Society, Wokingham Cycling Club and Friends of the Emm Brook.

Here's a little information about four of the projects we are supporting this year:

The **Life's Little Bugs Go Wild** programme uses nature to engage children's imagination, creativity and inventiveness with fun games and outdoor learning. Their activities help children regain the feeling of freedom and wonderment, whilst learning about the plants and mini-beasts that live amongst us, and the critical roles they play in our ecosystem.

www.lifslittlebugs.co.uk/go-wild/outdoors

The **Cowshed** charity provides support to people of all backgrounds in times of personal crisis. Community volunteers and the Cowshed craft group ensure that clients receive good quality, cleaned and ironed clothes offered as a gift to assist them rather than an unloved pile of clothing. Parcels are distributed to clients via social services, health care professionals or directly. www.thecowshed.org

The **Link Visiting Scheme** supports our older residents to reduce chronic loneliness and social isolation. They bring together community-minded volunteers with some of our most vulnerable, potentially overlooked, older residents, enabling them to benefit from a mutually rewarding relationship and feel part of the community once again.

www.linkvisiting.org

As part of their **Space for all Project**, All Saints Church will be opening a servery and café area to act as a community hub for local residents, charities and those in need of a bit of down time or social interaction. The café will offer work experience to members of local groups and cater for Church concerts and events.

www.allsaintswokingham.org.uk/spaceforall/

To find out if your charity or organisation qualifies for a grant please go to www.wokingham-tc.gov.uk/grants

Grants range from £575 to £15,000. The process reopens mid July 2021

Moving towards a Sustainable Future

We've spent some time developing a sustainability action plan to take us through to 2023. Many actions will be in partnership with other organisations so that we support projects that have a big impact on our community or work towards other regional and national initiatives. Other activities will focus on improving our own environmental credentials, enhancing and protecting the town environment, and working with you wherever possible to influence change.

We're making a start and hope you will join us on the journey.

Waste and Recycling

So far we have:

- Improved recycling within the Town Hall and at events
- Reduced printed marketing materials for events
- Begun working towards a more sustainable market: encouraging traders to use sustainable and recyclable materials, and asking that they use more sustainable suppliers

Water and Energy

So far we have:

- Switched all Christmas lights to LED and worked with a supplier who can recondition, repurpose and recycle all lights and materials used
- Reduced the carbon footprint of Woosehill Community Centre by installing LED lighting, and are currently investigating insulation and solar energy options

Improving the Environment

So far we have:

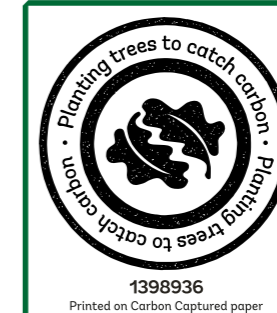

- Worked with partners Wokingham District Veteran Tree Association and Wokingham Society to bring two new elm trees to Elms Field
- Planted new lime trees and launched a trial to recondition the soil, protecting mature lime trees on Langborough Recreation Ground. To ensure they continue to be a feature within the park for years to come
- Begun rewilding areas within our parks to create pollinator friendly environments
- Provided funding for and coordinating Wokingham In Bloom to support: pollinator friendly planting, 'grow your own' initiatives, edible planting, hanging baskets and environmental and wildlife projects across the town
- Allocated £10k to plant semi-mature trees within WTC's parks and open spaces

Learning and Influencing

So far we have:

- Utilised our 'Science with schools' programme to support students in their learning about climate science, ecology and employment within the industry
- Agreed new 'sustainability' planning criteria for use on planning applications, to ensure we consider more accessible and sustainable options, in line with Wokingham Borough Council's Climate Emergency Policy
- Worked with event partners to continue to find ways to improve recycling and energy use, reduce waste, and encourage sustainable travel at our events.

The material used to produce this newsletter has been Carbon Captured.

Supporting the Woodland Trust - Helping to plant new British trees across the UK.

Making Changes Together

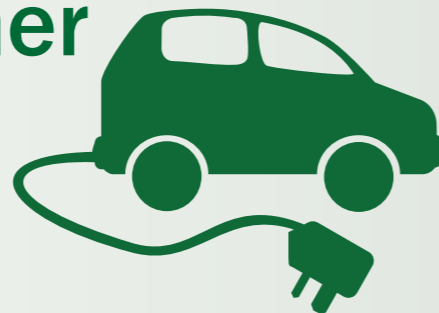

So how can we make a change, have real impact and create a more sustainable town together?

This is where you come in!

We'd like to work with you to help influence change by learning from initiatives you've introduced, finding out what's most important to you and working together to make changes, both large and small, happen.

Tell us what you are doing to make your life more environmentally friendly; the projects, the savings, the pros, the cons and effect on your life.

Find out more about what Wokingham Town Council, partners and **you** are doing at www.wokingham-tc.gov.uk/Sustainability/

For example

- Have you switched from gas to another form of heating?
- Have you completed a carbon emissions audit of your home and made changes?
- Are you a recycling champion?
- Do you run any local environmental or sustainable projects?
- Can you give advice on EV vehicles?
- Is your garden a haven for wildlife? How have you achieved that?
- Have you switched from predominantly using a car to other means of transport?
- Are you working towards self-sufficiency in any way?
- Are you a 'shop local' champion?

What Next ?

Once we have your stories we'd like to share them with our community.

We can produce advice sheets, videos, hints and tips and work with other partners to influence change across the town.

Send details and ideas to: info@wokingham-tc.gov.uk

Meet the latest volunteer for Wokingham in Bloom

Keith Warwick, (aged 80) joined the Wokingham in Bloom team this winter. He's been helping out in Howard Palmer Gardens, and is on a mission to help spruce up Wokingham and lift the spirits of everyone who visits. Keith loves the camaraderie of working with the volunteers, says it keeps him fit, and has renewed his interest in plants.

Would you like to volunteer?

If you've been enjoying your garden this year, liked growing your own food or just like offering a helping hand, then maybe you'd like to become a Wokingham in Bloom volunteer? You can get involved in as much or as little as you'd like.

Contact marketandbloom@wokingham-tc.gov.uk to find out more.

We're buzzing with excitement as we've got some great projects on the go across the town for the Thames and Chilterns in Bloom Edible England Competition.

Projects include:

- Working with The Link Visiting Scheme and Wokingham Horticultural Association to run a 'Link to Nature' planting programme which aims to improve the confidence, self-esteem and purpose of older people within the community (photo 1)
- Developing Langborough Community Wildlife Garden as a year round haven for pollinators and wildlife. Creating a space where the local community can develop a connection with nature and improve their health and happiness through gardening, meeting new friends or simply quiet time in beautiful surroundings (photo 2)
- Continuing restoration of the semi-natural ancient woodland at Holt Copse with the Holt Copse Conservation Volunteers
- Continuing the development of the Cockpit Path Community Garden as a place of relaxation, community engagement and source of produce (photo 3)
- Maintaining historical planting on Rose Street and creating attractive planters and a sensory garden in Peach Place (photo 4)
- Creating an attractive space and pollinator friendly borders for residents to enjoy at Howard Palmer Gardens
- Creating foraging trails, and carrying out small scale guerrilla planting to brighten up unloved spaces and support wildlife

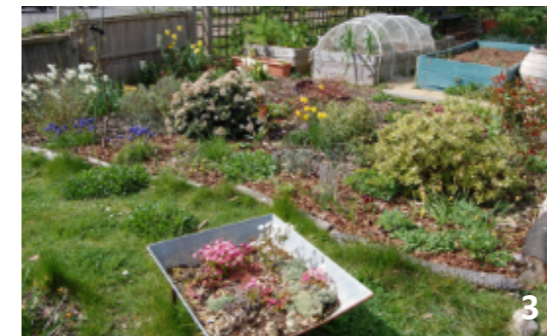

Bloom isn't just about the competition. It's about working with residents, volunteers, groups and organisations to develop and improve green spaces, encouraging us all to be more environmentally aware and supporting wildlife in our area.

Gardening Competition

We're running an online photo competition again this year. Details of how to enter can be found on our website and social media. The competition opens May 1st and closes August 31st so get snapping!

Categories are:

- Best vegetable patch
- Most beautiful section or corner of your garden
- Best window-box or container vegetable/flower garden
- Best children's project or gardening achievement
- Best wildlife project

Sunflowers for Captain Sir Tom Moore

The Bloom volunteers would like to turn Wokingham yellow in honour of Sir Tom. They'll be planting sunflowers across the town as an act of remembrance and to honour his role in raising spirits and funds for the NHS. Would you like to join in?

We've got 100 packets of seeds to give away, or you can plant your own. Don't forget to send us photos as they bloom and grow and we'll add them to our social media feeds.

Grow Your Own

If you fancy having a go at growing your own vegetables and herbs this year, we've got 200 packets of seeds to give-away.

Seeds include: courgettes, peas, beans, nasturtiums, lettuce and radishes. It's easy to do and a lovely activity for children too.

You can pick up your FREE seeds at the Town Hall on Saturdays between 9am and 3pm just inside the entrance on Market Place (opposite Cancer Research), whilst stocks last.

Hedgehog Highway Giveaway

Ensuring hedgehogs can pass freely through your garden can make their lives a little easier. Could you make a few holes in or under your garden fences for them to pass through? 13cm x 13cm is big enough. You could have a little fun and signpost them too....we've got 50 signposts to giveaway.

Contact marketandbloom@wokingham-tc.gov.uk to get your paws on one.

Our Parks and Green Spaces

Our parks and green spaces have always been important to us as a Council. This year has seen unprecedented use and after the first lockdown we were determined to keep these spaces clean and open for all the community. To ensure all our play parks continue to thrive and can be enjoyed by all, we've established a 10-year investment plan. This covers the addition of new age-appropriate equipment and total refurbishments of play parks within the town on a cyclical basis.

This coming year will see the play park in **King George V** refurbished. Thank you to local residents and park users who've helped us create a list of ideas, likes and dislikes. We've now gone out to tender, with play park companies expected to design a new inclusive play scheme that fits the brief. We'll be sharing designs and timelines with you as soon as we are able.

Maintenance is ongoing on the beautiful lime walk at **Langborough Recreation Ground**. The lime trees are suffering as a result of climate change so we've been working with contractors to recondition the soil, plant replacement trees where necessary and generally ensure that the trees remain a feature within the park for years to come.

We are also setting aside areas within our parks to support Wokingham in Bloom and local sustainability initiatives.

We'll be planting new trees, wild flowers, herbs, edible plants and fruit trees in appropriate parks.

Keep a look out on our Facebook page www.facebook.com/wokinghamtowncouncil for news of what's happening in your local park.

the Chrysalis

the Stag Beetle

the Caterpillar

the Bee

Elms Field has proved to be incredibly popular with both children and adults since it opened. In the next few months, we've got a few new additions joining in the fun too.

Come and spot the chrysalis, stag beetle, caterpillar and bee, we thought about naming them but that's something your children might like to do? These beautiful dual purposed carved tree trunks created by local carver Steve Radford can be used by all for seating or creative play. Wokingham Borough Council has worked with us to bring these to the park.

Town Council Services

Wokingham Information Centre

The Information Centre, offers a wealth of local information including details of our town's history, local events, day trips and transportation links as well as being the first port of call for wedding bookings in the Town Hall and room hire.

Weddings

We host many weddings both large and small. Our wedding packages vary from wedding only to sit down catered meals in our beautiful Victorian crossed beamed main hall or smaller Jubilee room.

Room Hire

We offer room hire for business, groups or private functions at both the Town Hall and Wooshill Community Hall.

Contact

For current opening hours, room hire or to book a wedding, our friendly staff are on hand Monday to Saturday, 10am – 2pm. (Due to the on-going restrictions, opening hours may vary).

Email Info@wokingham-tc.gov.uk or phone: 0118 974 0880

Allotments

If you fancy growing your own fruit and vegetables, we run a number of allotment sites across the town: Gypsy Lane, Latimer Road, Mulberry Grove, Ormonde Road and St Paul's Gate. A waiting list is currently in operation.

Email allotments@wokingham-tc.gov.uk or phone 07954 250290

Civic Awards

If you'd like to nominate someone for a Civic Award, the criteria, nomination forms and deadlines can be found on our website or by contacting the Civic Officer.

www.wokingham-tc.gov.uk/civic

Email civic@wokingham-tc.gov.uk or phone 0118 974 0882

For a full list of ALL our services including planning, grants and events please go to our website at: www.wokingham-tc.gov.uk

A Flourishing Market

Even during lockdown our market has been a hive of Covid secure activity. Whilst the Government determined who could and couldn't trade, those that could came out rain or shine to ensure residents had what they needed. The treats and take-away food on offer helped provide a taste of normality too.

Christmas was a busy time. With regular traders back and new traders vying for space, customers were seen milling about with armfuls of produce, treats and Christmas gifts.

Our thanks go to each and every one of our traders. For many residents, the opportunity to shop in the open air made them feel safer, and those isolating were able to pre-order produce and have it delivered to their door.

Welcoming our traders back

We've been working with our traders and taking advice from the Public Health Partnership to safely reopen the general market for all traders. Our staggered approach and Covid secure layout has resulted in a number of changes.

Keep an eye on the @wokinghammarket Facebook page to find out which traders will be trading each day. Please remember to queue safely, allowing space between you and the next customer.

If you fancy a treat on a 'working from home day' pop on up to the market. There's always plenty on offer plus hot take-away food such as Thai, Greek, All Day Breakfast and Japanese.

Tuesday, Thursday, Friday, Saturday
9am - 3pm
Facebook: /wokinghammarket

Events in 2020

Remembrance

Remembrance is a key event for us. Sadly after much planning and adapting to the needs of the pandemic in an effort to mark the occasion live we had to go online. This by no means diminishes our gratitude to those who fought and died for our country but was a sign of the times. We are hoping and planning for a return to normal this year, so that we can pay our respects in our usual way which we know is much valued by the community.

Theatre in the Park

Seating 'bubbles' were created in Howard Palmer Gardens for a day of Theatre in the Park on Sunday 16th August. With acts ranging from musical theatre to Shakespeare monologues and mime, we managed to have a most welcome day of entertainment in the sunshine in the brief time between lockdowns.

Living Advent Calendar

With events impossible in December, we worked with 'morearts.' to create a 'best of' Advent Calendar using some of the amazing performances from the past 8 years.

The videos are still available on our YouTube <https://bit.ly/3cDXR9I>
Advent Facebook @Wokinghamadvent and website www.wokinghamadvent.org.uk

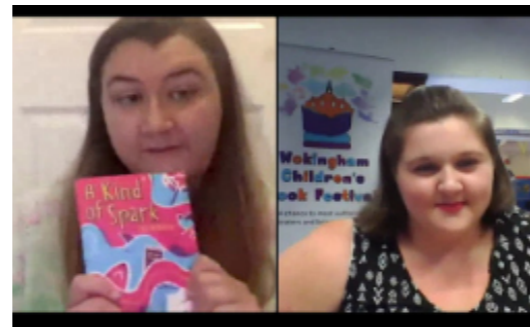

Wokingham Children's Book Festival

We had a huge amount of fun when the annual Book Festival went online in 2020. The diverse programme of authors and illustrators, with a mix of topics and sessions for different age ranges and interests, attracted children from across the town, borough, and far flung places around the world.

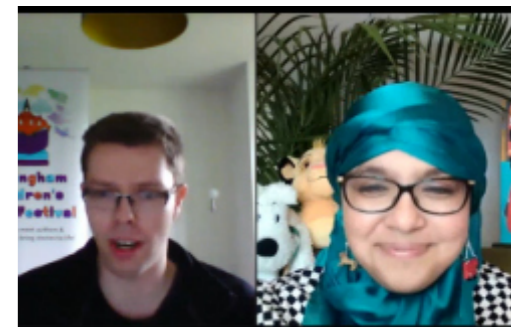

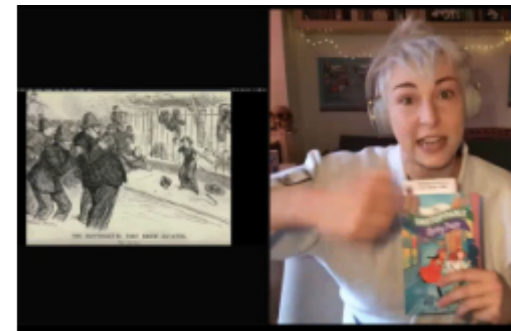

We had book readings, games and live chat with authors such as:

- Onjali Q. Raúf - 2019 Waterstones Children's Book Prize for 'The Boy at the Back of the Class'
- Peter Bunzl - bestselling author and BAFTA-winning animator, Cogheart Adventure series
- Roopa Farooki - novelist and junior doctor, The Double Detectives Medical Mystery series
- Elle McNicoll - Scottish Neurodivergent writer with her award-winning debut 'A Kind of Spark'

With funding from 'morearts.', and working in partnership with Wokingham Libraries Service, our Book Festival schools outreach programme had 22 sessions reach over 40 schools and 410 classes! They heard about Winnie the Witch's magical world from author Korcky Paul, Lily Dyu inspired with stories of Earth Heroes, Portia Mushambi asked 'who can save the Baobab Tree?' and much more.

We're busy planning this year's event, and will let you know which inspiring authors will be coming as soon as we can. Watch www.facebook.com/wokinghamtowncouncil for details.

Coming up

Keep an eye on our social media and at Love Wokingham Facebook page, as we'll be adding more events throughout the year when possible

Heritage Day

We love to celebrate our history and heritage here in Wokingham, and our Heritage Day this year will link to the National Heritage Open Days theme of Edible England.

We'll be exploring everything from foraging to growing your own, regional recipes, seasonal produce, buying from local producers and shopping local.

We hope to have outdoor activities and entertainment in addition to sharing digital information and activities on our social media platforms leading up to the day. We'll keep you updated and share more information about our plans on our facebook and twitter pages.

In the meantime, please do get in touch with our civic officer at civic@wokingham-tc.gov.uk if you wish to share any ideas you would like us to consider.

EDIBLE ENGLAND

International Day

We are looking to create a new event to celebrate the multiculturalism of Wokingham.

We'd love to explore different cultures be it through food, music, dance or activities. We are keen to hear from any community group who'd be interested in taking part and help shape the event.

Contact: artsandculture@wokingham-tc.gov.uk
0118 974 0889

Platinum Jubilee

In 2022 it will be the Queen's Platinum Jubilee. To ensure we celebrate in style we'll be combining our Platinum Jubilee celebrations with our popular annual International Street Concert. We'll be hosting the free event in Elms Field and look forward to welcoming you on Saturday June 4th 2022.
